

# VANTAZ PRODUCTIVITY

## STRATEGY AND PLANNING EXPERIENCE

### VANTAZ DEFINITION/EXECUTION SOLUTION | Development of a Strategic Roadmap for the Strategic Services Management

Asset: BHP

#### Business Opportunity:

The Strategic Services Management has the challenge to establish the basis to develop its strategic roadmap in order to leverage the supply of strategic services in a reliable and sustainable manner and with a competitive cost for the operations.

#### Solution:

Vantaz designed and executed the strategic workshop, whose main focus points were:

- Align the team on strategic definitions and challenges of the area
- Analyze and characterize the strategy and the projects portfolio
- Identify uncovered spaces of value in which they could participate with the development of new initiatives or projects
- Agree on the team's development areas to strengthen its abilities to face challenges
- Develop the strategic roadmap for the next five years

#### Main Achievements:

1. Definition of a roadmap integrated with the operation principles of the management, new value projects towards strategic challenges and initiatives to strengthen the abilities of the team
